**RE: ATP Oil & Gas Corporation- NPDES Permit No. GEG460575
Request for Termination
Final NPDES DMR Submittal- July 1 to July 8, 2013**

ATP Oil & Gas Corporation is requesting the termination of the GEG460000 permit and has included the Final No Discharge List in lieu of the Discharge Monitoring Report (DMR), as required by the EPA Region 4 General Permit effective April 1, 2010, for the following facility:

DeSoto Canyon 133 Subsea Well 002- Permit GEG460575- OCS-G 10444

DeSoto Canyon 133 Subsea Well 002 was returned to BSEE on July 8, 2013. Please contact the undersigned at 713-622-3311 if you have any questions or require additional information.

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."

Respectfully,
ATP Oil & Gas Corporation

Timothy P. McGinty
Vice President, Business Development
